

Best Holiday Cottage Accommodation 2025 — Cotswolds

Based in the heart of the Cotswolds, Broadway is a picturesque village which many treasure but many are yet to discover. From breathtaking landscapes to delicious food, in addition to deeply rooted and rich cultural heritage, the village has become a hot spot for those searching for a peaceful break from the hustle and bustle of city life. Broadway is also home to a small selection of magnificent cottages, some belonging to Andrew Scott of award-winning Cotswold Holiday Cottages. Here we enjoy exploring Cotswold Holiday Cottages' offerings as its excellence was recently recognised in our Best of British Getaways 2025 awards programme.

Owned by Andrew Scott and operated by himself and his dedicated team, this selection of three precious cottages based in Broadway have been turning heads since their establishment in 1987. Andrew told us: "I started off by owning what would become an award winning inn in Broadway. Having five letting rooms and a very strong position in the food and drink trade, we won 'The Good Pub Guide Value Pub of the Year 2016' as well as a number of CAMRA awards. I therefore grew the business by adding these three holiday cottages."

One of these three gems is the Laburnum Cottage, which is a holiday cottage nestled near the 11th century St Eadabughers Church. This culturally valuable and significant location is revered by many explorers and history enthusiasts, and Laburnum Cottage is only a stone's throw away. This distance between the cottage and the church allows for easy access to an exciting landmark and the beauty of Broadway's village centre. The cottage itself also offers a quiet luxury, warm energy, and privacy during your stay. This can be a harmonious balance of exploration and relaxation, depending on what you wish for throughout your staycation.

Including features such as private parking, Wi-Fi connectivity, a stunning garden, fully equipped kitchen, with a washing machine and dishwasher, as well as a gas log fireplace and central heating, and a smart HD digital television, Laburnum Cottage has everything needed to enjoy a relaxing stay.

In addition, the two Lower Mill Cottages are also fully equipped with the above but they also feature a stream running through, EV charging points, and are a short walk away from Broadway's centre which provides a fantastic collection of pubs and restaurants to relish.

As a location further known for its quiet and close-knit events, Broadway has so much happening while remaining a place to relax and recharge. This symbiotic relationship between humans and nature means that visitors can find fun and community as well as enjoy the glorious natural surroundings, both a boon to many travellers and guests in Broadway.

Andrew told us that Cotswold Holiday Cottages presents staycations throughout the changing seasons of the year. The three self-catering

cottages in the Cotswolds provide the perfect setting for visitors looking to make memories of serenity or adventure, or even a mixture of both.

Offering mid-week and weekend breaks away, through any season, Cotswold Holiday Cottages gives guests the chance to see the Broadway Christmas light switch-on event with many interesting events and places to visit throughout the area. For example, many people enjoy the Broadway Tower, a local landmark that you can see 16 counties on a clear day, and Broadway's own steam engine railway station, which goes to Cheltenham, which has a great number of events around it.

Therefore, if you're looking for a dedicated and notably caring approach to holiday cottages in Broadway, Cotswold Holiday Cottages has a team that will make your dream of a peaceful escape come true.

Andrew was proud to share: "Having run Cotswold Cottage Holidays for 40 years now, I have enjoyed both the good and challenging times with my wonderful team." For the year to come, and years to follow, Cotswold Cottage Holidays will keep pushing forward with what they know and love to deliver. Andrew expanded: "We will be growing Cotswold Cottage Holidays as an independent family business, creating jobs and excellence. Family members and employees become an asset to this client friendly project."
